

VASTUDEX

Walls you can feel.

CNC-carved wall panels, designed and made in Surat. Lookbook 2026.

From courtyard to palace

Three collections, three levels of craft. One list price across India. All panels are cut on CNC machines from real board, so the depth is real.

HV-02 Lehar wave · Neelam Midnight Blue · PU satin

The bedroom wall that glows at night

Lights from above pull long shadows across the waves. A Haveli design behind the bed replaces a headboard, wallpaper and art in one move.

MH-01 Mughal jali · walnut veneer

A lobby guests remember

Real walnut veneer over deep jali rings, planned panel by panel for the reception wall. Mahal designs are made for one space.

HV-06 Patta leaf · Chandan Ivory · PU matte

An entrance that says welcome

Soft leaf relief in a calm ivory. Morning light from the side brings every leaf to life.

The design library

Every design can be made in any of our colours, in veneer, or primer-ready. Codes help you order and specify.
